

# S-2005

# S-2005-IR

HIGH INTENSITY MEDIUM WAVE PORTABLE  
INFRARED EQUIPMENT

## PRODUCT OVERVIEW:

- Largest coverage available from a portable medium wave unit
- 17,000 watts of curing power for multiple panel repairs
- Independently controlled top (4,000 watts each) and bottom (3,000 watts each) curing heads
- Dual solid state, programmable controls with electronic timers
- Adjustable shock arm and narrow frame profile to fit in spray booths
- Equipped with 50' power cord
- UL listed

The S-2005 is the largest unit manufactured by Infratech, with 17,000 watts total. The S-2005 has five fixtures on a frame. The controls are divided into two zones. The bottom three fixtures are zone 1, with 3,000 watts of power from each fixture. The top two lights are zone 2, with 4,000 watts of power from each fixture. IR units have digital temperature sensors and percentage timers to reduce the total heat output.
